Livewire completes promotional video for Helen Hackett Foundation

Livewire Productions recently completed a short promotional video for the [Helen Hackett Foundation](#). The video highlights the history of the foundation and calls for donations to help to fund the purchase of Digital Mammography equipment for the Wesley Breast Clinic. It will be shown at a luncheon to raise money for the foundation.

This project was mastered in Full High Definition, shot on XDCamHD and edited and colour graded using Avid Media Composer. Graphics were completed in house and involved 2D and 3D compositing. The video was delivered on both DVD and in both High Definition and Traditional Flash Formats.

Livewire Productions is an innovative media house servicing clients from around the world. With access to Australia's best camera operators, sound recordists, editors, graphic designers, presenters and producers, *Livewire* specialises in corporate, promotional and OH&S DVD's, television documentaries, video news releases and rich media. Our in-house facilities are second to none with high end digital production equipment and industry experience spanning over two decades.
