

## **Livewire produces “Campdrafting Fundamentals”**

**Livewire Productions** recently completed Campdrafting Fundamentals for renowned Master Horseman Ian Francis. The 4 disc DVD covers everything you need to know about team penning, campdraft and, stockman’s challenge.

The DVD was shot entirely on location in central Queensland using three cameras, which produced some 16 hours worth of footage which was edited using multi-cam in Avid Media Composer 5. In addition to the three standard cameras used, we also used a GoPro HD camera to film some amazing shots that normal broadcast cameras just can not produce.

As a full service production company the DVD was authored in house complete with custom designed artwork for each disc. The Livewire team and the client are very proud of the end result which is a polished, professional retail quality DVD.

Campdrafting Fundamentals is available for purchase now if you would like a copy please contact Ian Francis:
