

Livewire Productions turns Barista!

Livewire Productions recently completed a series of standard and high definition web videos for Queensland Coffee Machine Sales (QCMS).

Contracted to produce three, thirty second web videos, *Livewire Productions* showcased a new Italian brand of machines, QCMS' repairs and servicing as well as a snapshot on the store, its variety of machines, accessories, coffee making training and other coffee products.

The result is three colourful, informative and entertaining clips including bold and modern animated graphics.

Standby to see the clips, which also showcase Jimmy and his team at QCMS, on their website: www.qcms.com.au.

If you're in the market for a coffee machine, grinder or other coffee products, pop into QCMS on Caxton Street ... *Livewire Productions* can vouch for their sensational coffees too!

Livewire is an innovative media house servicing clients from around the world. The *Livewire Productions* team has collectively more than 50 years experience in the production industry and we specialise in corporate, promotional and OH&S DVD's, television documentaries, video news releases, ecards and web videos.

We work in-house, which means our talented and experienced team works closely with each client nurturing every assignment from inception to completion.
